To My Friends and Patrons:

Please accept this catalog with my very best wishes for 1952. Last year was a good year in many ways and we had many good reports from those who planted our seeds and plants. String Beans, Fordhook Bush Lima Beans, Brussels Sprouts and Cauliflower all paid well. Peas and Fava Beans were a fine crop but prices did not average quite so well. Why not plant some of each and not put all your eggs in one basket. They will average out satisfactorily, I'm sure.

We expect to have our usual supply of flower and vegetable plants as well as a very good supply of all kinds of seeds. Send us your list of wants as soon as possible while our list is complete.

Our home mixed lawn grass seed is blended with the very best grades of seed on the market and priced just as reasonably as possible considering the high quality of the seed. After many years of mixing and selling our own blends we are sure that our lawn mixtures are the most suitable for Long Island soils. We have four different mixtures to suit the most particular person, and we have the separate kinds of seed as well so that you can make your own mixtures if you prefer. Bone Meal and Vigoro are two of the best fertilizers for top dressing your established lawn while sheep and cow manure are excellent for starting a new lawn.

We have a nice lot of Strawberry Plants, Asparagus Roots, Fruit Trees, berry bushes, etc. Our 1 yr. asparagus made wonderful growth last year, and we also have some good 2 yr. old roots.

Kindly look our 1952 catalog over and send your order along at an early date. We like to include some new varieties of seeds for trial in our early orders before the rush. I would appreciate hearing your opinions of these new varieties.

Thanking you for your patronage and good will in the past and with very best wishes for your successful gardening in 1952, I remain,

Yours for the best in Seeds and Plants,

Ralph W. Sterling

1952 PHOTOGRAPHIC CONTEST

\$5.00 for the best picture of your vegetable garden,
\$5.00 for the best picture of your flower garden and,
\$1.00 for each of the next 5 best pictures of flowers or vegetables.
\$15.00 in prize money in all.

All pictures must be in black and white. Pictures in color will not be allowed in the contest. Pictures, in order to be judged, must be submitted by October 15, 1952. All pictures submitted become the property of Ralph W. Sterling and are subject for use in this catalog. No pictures will be returned.

You may send in as many entries as you wish but send only one print of each entry.

Mr. Fred Stoffel, photographic specialist of the Academy Printing Enterprises, Inc. of Southold, will be the judge, and his decision will be final.

DIRECTIONS

By carefully reading and observing the following directions, mistakes will be largely avoided and your order can be filled more promptly.

Please use the enclosed Order Sheet and self-addressed envelope if possible. If you need more, let me know and I will be glad to send more to you.

Write your name, address and shipping directions plainly.

Always send the cash with your order, unless otherwise agreed upon. Money may be sent by P. O. Money Order, Bank Draft or Registered Letter. Stamps may be sent for amounts under \$1.00, but be sure to put in three-cent stamps, wrapped in waxed paper.

We pay the postage on all seeds sold by the pkt., oz. and $\frac{1}{4}$ lb. Quantities over that are priced net, to be shipped Parcel Post, freight or express, at purchaser's expense, unless otherwise stated.

If you desire your seed sent by Parcel Post, add 17c for the first lb. and 3c for each additional lb. of your order, allowing 3 lbs. extra for package. For amount of postage on plants see Plant Department. These rates are for anywhere on Long Island.

By pricing my seeds net, postage extra, you get your seeds delivered for less money than if I quoted a Postpaid price as the 17c per lb. extra would have to be counted in and added to each single lb. priced.

$\frac{1}{2}$ lbs. will be sold at lb. rates; $\frac{1}{2}$ bu. at bushel rates.

No charge is made for packing or packages.

NOTE — In all orders received before April 1st we include trial packets of different kinds of seed, the number of packets depending upon the size of your order. If you find any of these of particular value, we would be pleased to hear of it.

If you cannot use this catalog or receive more than one, will you kindly pass it on to someone interested? Thank you.

NOTICE—I give no warranty, express or implied, as to the productivity of any seeds, bulbs, plants, shrubs or trees sold by me, and I will not be in any way responsible for the crop. My liability in all instances is limited to the purchase price.

PEAS

OUR WORLD'S RECORD is the best kind for market. We have our regular Strain this year. Don't fail to plant a few. Even though peas should not pay as a market crop, the vines make fine green manure for Cauliflower, Brussels Sprouts and late Limas. Spergon keeps the seed from rotting in cold ground and helps germination.

GRASS, CLOVER AND ALFALFA SEED

Prices liable to change without notice. Grass seed is very scarce and high. Terms strictly cash.

I make my prices just as reasonable as is possible consistant with the quality. It is the very last fraction of 1% in purity that costs money. I believe that it pays big returns, too, as it is truer in seeds than anything else that "the best is none too good."

If your land is sour and Grass and Clover does not do well as a rule, a little lime sown on top of the ground and harrowed in before sowing the seed would be a great help.

Ask for special price on 100 Lb. lots.

LAWN MAKING

Our Lawn Grass Seed is mixed from the very best grass seed, recleaned and free from weeds, and we sell many hundred pounds all over Long Island, as there is no better grade seed on the market.

Loosen the soil in which a new lawn is to be made to a depth of at least five inches, and lighten it with humus, compost or manure if it is heavy and inclined to bake. Apply fertilizer liberally, either Sheep Manure, Bone Meal or both. Use Vigoro on established lawns in early Spring and early Fall. Peat Moss is a very good soil conditioner for lawns.

Sow in the early Spring when cool weather and ample rainfall will insure complete germination and a good start for the seedlings before hot dry weather comes. If seeding must be delayed, special precautions must be taken to prevent the ground drying out. Early Fall is a very desirable time to seed, if moisture is sufficient.

See that the seed is well covered. Rake it into a new seed bed and roll so that the soil is firmed over the seed. Where seed is sown on an old lawn, always cover it with a top dressing of Peat Moss or soil and rake in. Seed thrown on the top of hard ground has no chance to grow and will merely wash off. Fertilize well after seeding.

No Timothy or Rye Grass is ever used in our Lawn Grass Mixture.

JAPEDIZER

Kills the grubs and feeds the grass. Use 10 Lbs. Japedizer per 1,000 square feet and water it in well. Afterwards loosen soil of bare and thin patches and re-seed. Japedizer kills the grubs, spreads the Milky Disease in the beetles and fertilizes the grass.

Laughing Water, Southold, L. I., Aug. 10th.

After preparing the ground with your Peat Moss and Cow Manure, I sowed Sterling Lawn Grass about two weeks ago. I wish you could see it now. The grass is up about an inch and it looks like a piece of green velvet. — H. C. H.

Riverhead, April 26.

I have been trying to get down to your store for two weeks and want 10 lbs. of Sterling Lawn Grass. I bought Sterling Lawn Grass last year and sowed it in my cemetery lot in Riverhead. I took good care of the grass and this year that is the best looking plot in the cemetery. I have already mowed the grass once. — C. P.

GERANIUMS

We have a fine assortment of Potted Geraniums this year. Large, strong plants in bud and bloom.

ATOMIC RED. Salmon red, white center.

BETTER TIMES. Beautiful dark red.

IRVINGTON BEAUTY. Fine clear pink.

LA FAVORITE. Double white.

Last year you sent me a packet of mixed annual flower seed. I wish you could have seen how beautiful they bloomed for me. Have a path through the center of vegetable garden and sowed that seed along the sides. Have seen pictures in magazines and I always thought they were exaggerated but they were nothing compared to the beauty of that 100 ft. row and they did not bloom for just a few weeks but until killed by frosts. — M. P.

GERANIUMS — Continued

- LA FRANCE. Light pink. Double.
 MARTHA WASHINGTON or PELARGONIUM. 4 colors.
 PANSY. Purple and white pansy-like blooms.
 PINK FIAT. Bright salmon pink.
 MONSELL BEAUTY. Light pink. Profuse blooming.
 RADIO RED. Bright red. Good bloomer.
 S. A. NUTT. Rich dark crimson.
 SUPER RICARD. Bright red. Free blooming.
 VARIEGATED. Green and white leaves. Red blossoms.
 IVY. A trailing Geranium with red, white or pink blossoms.
- Priced at 35c to \$1.00 each, \$3.50 to \$7.50 per dozen, according to size and variety. Pelargoniums in several shades of pink and red, also a beautiful white, and Pansy Geraniums from \$1.00 to \$2.50 each, in full bloom for Easter.

NOTE: When setting any of our roses, shrubs, trees or evergreens use plenty of our sheep or cow manure and peat moss mixed with the soil in the hole and then water well. Water plants twice a week throughout the first growing season. Mulch all your broadleaf evergreens with peat moss.

For annuals and perennials make a good bed with sheep or cow manure and bone meal worked in well before setting.

Jamesport, Jan. 11, 1952

I bought 9 fruit trees of you four years ago and am well pleased with all of them.

One of the peach trees yielded 18 baskets of beautiful white peaches this past season. I picked 2 bushels of Abundance plums from one tree after thinning out as many more. Even the Quintuplet apple did well giving me fruit from 4 of the varieties. Am one of your satisfied customers. — J. B.

**View of the Two Room Cottage on Plot No. 3
At Dickinson's Islands**

There are many choice lots and plots for sale in this vicinity. If you are interested in Eastern Long Island Real Estate get in touch with me. Call Peconic 6755 or, if no one answers, call Peconic 6621.

I am always willing to act as your agent if you are desirous of buying or selling property in this locality.

I am a Licensed Real Estate Broker and have been buying and selling Real Estate since 1926.

What could be better than a plot of ground that you can call your own and enjoy no matter if the prices go up or down. Owning land is supposed to be the best hedge against inflation.

I have listed for sale the following:

NASSAU FARMS

TEN large lots on Lilac Lane. These lots are clear land and have from 70 to 100 ft. frontage and from 216 to 275 ft. depth. Your choice of any or all of these beautiful lots, some of which overlook Baldwin's Creek and Peconic Bay, at a very reasonable price.

Four large lots on Pine Tree Road. They have about 90 ft. frontage and are over 200 ft. in depth. Would be pleased to show you any of these choice lots.

NASSAU POINT

STERLING INLET. This plot contains three large lots, Nos. 224, 225, and 226. These lots lay between Wunneweta Road and Wunneweta Harbor and there is good water from these lots right out into Peconic Bay. A wonderful harbor for a boat.

There is about 300 ft. frontage on the water to these 3 lots and from 250 to 300 ft. depth. The plot is well covered with Oak trees and there is a wonderful view of Wunneweta Harbor and Peconic Bay from the south side of the plot.

These 3 lots are priced as one large plot but there is the privilege of erecting three houses thereon. Price will be given on request.

CARRINGTON PARK. Six large wooded lots in the center of Nassau Point near Horseshoe Cove in Peconic Bay and Wunneweta Harbor. Nos. 421, 422, 423, and 424 are on the east side of Little Peconic Bay Road. These lots have good elevation and each lot has more than 100 ft. frontage on the road.

Lot No. 323 is on the west side of Vanston Road and the east side of Meadow Beach Lane which leads to Horseshoe Cove. This is a beautiful lot and priced very reasonable for the location. Lot No. 413 joins No. 424 on the east and lies west of Haywater Road. This lot would go well with the other four lots if one wanted a large estate, or would sell it separately, if desired. Prices given on request.

DICKINSON'S ISLANDS

Plot No. 1. This plot overlooks Eugene's Creek, is covered with Oak trees and is always cool. There is 489 ft. frontage on Eugene Road and a wonderful view of the water at the south side. There are several nice large lots in this plot and 50 ft. of creek frontage goes with each lot sold.

Plot No. 2. This is an Island and is covered with White Oak and Shadblow. Another small piece of woodland and 50 ft. of creekfront goes with Plot No. 2.

Plot No. 3. This plot is right on Eugene's Creek and is connected with the mainland by a foot-bridge. There is a small two room cottage on this island and quite a few White Oaks. A very attractive location and the price is right. 50 ft. on the mainland goes with this plot for your car.

HOUSES, LOTS AND PLOTS

100 ft. Creek frontage at Creekside. This plot goes from Harbor Road to Eugene's Creek and is about half clear land and half woods, a very attractive piece of property, as it is over 500 ft. in depth. The price is reasonable and will be given on request.

15 wooded lots on the water overlooking Nassau Point. About 50 nice lots on Bay Avenue and adjoining roads. These lots are very attractive and there is quite a lot of new houses going up in this development. Would be pleased to quote prices.

5-room house on Eugene's Creek at Eugene Heights. A 5-acre plot with wide frontage on the water and containing 2½ acres of woodland. The house contains 3 bedrooms, living room, kitchen and lavatory. It has a large cellar, hot water heat, garage and other outbuildings. A boat goes with the property. Will sell for less than it cost the owner.

1,000 ft. on Long Island Sound. This attractive plot has good elevation with a wonderful view. Must be seen to be appreciated.

9 room house with 2 bathrooms at New Suffolk. This plot has about 200 ft. frontage on Peconic Bay with a concrete bulk-head. 2 car garage with dressing room and shower.

30 acre farm at Peconic. 15 acres of this farm is good potato land. There are about 12 acres woodland that could be developed into building lots, and there is a house and outbuildings on the North Road. The woods are on Sound View Road.

23 acres on Long Island Sound. About the last piece left in that vicinity on the Sound for developing. There is 560 ft. on the Water and about the same on Sound View Road. Ask for prices and more detail on the two pieces.

3 acres on New Suffolk Avenue with right of way to the water. Would sell the whole plot or would sell by the lot as you might want. Priced so that it could be profitably developed.

2 story house with 6 rooms and bath at New Suffolk. Hard wood floors, all improvements, full cellar, hot air heat, new garage. Priced right.

9 room house at Nassau Point. 5 bedrooms, living room, dining room, 2 kitchens, bath and lavatory. Two thirds acre land, garage, board walk to Peconic Bay with locker at the beach. Inspection invited.

9 room house at Southold, on Hommel Avenue. 2 story house on large lot with garage and barn. Priced very low.

6 room house on the North Road at Oregon. 3 bedrooms, large living room with fireplace, dining room, kitchen and bath. Full cellar with heat. Large porch. Price on request.

9 room house at Laurel on Peconic Bay. 100 ft. on the bay, 525 ft. deep and 100 ft. on Peconic Bay Boulevard. A beautiful home nicely landscaped.

6 acres woodland on the south side of Sound View Road, just east of Westland. Priced so low it would make a very good development.

I have other pieces of property on my list. Let me know what you are looking for and I will try my best to help you.

The above properties are quoted with the understanding that prices may be changed or they may be taken off the market without notice.

SUMMER RENTALS

I have several good rentals on my list now but they will probably be rented by March 1st. If you are interested, get in touch with me soon.

LANDSCAPING

If you want advice or help in landscaping your grounds, let us know and one of our staff will be glad to give you suggestions. Or, if you wish, lay out a plan for your entire setting.

FIREPLACE WOOD

We have a lot of nice wood 18 to 24 inches in length. Get in touch with us if you need any. Price on request. Call Peconic 6755.

PRICES — We have kept our prices down as low as possible on all lines, along with our policy of high quality. Remember, when comparing our prices with others, that we always strive to put out the highest quality products.
